

## FORMER TRAINS TO BE RESTORED SOON

**CITIZENS ASK THAT SEABOARD AIR LINE PUT FERNANDINA - JACKSONVILLE TRAINS BACK ON OLD SCHEDULE.**

Word has been received from the Norfolk officials of the Seaboard Air Line Railway that the former train service between Fernandina and Jacksonville will be restored as early as new timetables can be printed, which will probably be on Sunday, March 26th. This means that the morning train will leave Fernandina at 8:45 a. m. as heretofore, operating direct to Jacksonville, and will return to Fernandina at 12:30 p. m.

The Seaboard officials have claimed that the operation of these trains has been at a loss on account of insufficient passenger and express business. The merchants at Fernandina, ever ready to do whatever is for the best interests of the city, circulated a petition which was generally signed, agreeing to do all they could to throw business to these trains in order to justify their continued operation. The resumption of this train service will be good news to the traveling public and to the people of Fernandina.

### MRS. PARK TRAMMELL CLAIMED BY DEATH

Orlando, March 14.—Mrs. Park Trammell, 42, wife of Park Trammell, the junior United States senator from Florida, died in a local hospital at 11 o'clock tonight, after an illness of several weeks' duration.

Mrs. Trammell became unconscious at 6 o'clock this afternoon and shortly afterward physicians announced that all hope had been given up for her recovery.

Mrs. Trammell was a native of Alabama, but removed to Florida with her family when a small child. The family resided in Apopka, Orange county, for a number of years, and then moved to Lakeland, where as Miss Virginia Darby she met and married Senator Trammell. She had spent her entire life in Florida, with the exception of the time spent in Washington after Mr. Trammell was elected to the senate.

She was widely known in all sections of the state, having successfully managed Senator Trammell's campaign for governor in 1912 and for senator in 1916. Senator Trammell, who came here from Washington ten days ago when his wife's illness took a serious turn, was at her bedside constantly.

Mrs. Trammell is survived by her husband, her father and mother, Col. and Mrs. Thos. C. Darby, of Crescent City; two sisters, Mrs. C. P. Dickinson and Mrs. George Phillips of this city, and one brother, T. C. Darby, Jr., who resides in Jacksonville.

Other surviving relatives include an uncle, H. G. Darby, and an aunt, Mrs. W. L. Sperring, both of Jacksonville, and cousins, M. G. Darby, Miss Jessie Darby, Miss Mary Darby, Mrs. Thomas Sheridan and Miss Louise Sheppard, likewise of Jacksonville.

Funeral arrangements have not been made.

### JUDGE C. C. GIBBS CANDIDATE

The announcement of Judge George Couper Gibbs, of Jacksonville, who is judge of the Fourth Judicial Circuit of Florida, appears in this issue, the judge being a candidate to succeed himself.

This is the first political announcement to appear in The Leader, candidates for the various county offices to be filled at the June primary, being extremely slow to make their intentions known to the people.

While this is an off-year, politically speaking, still there are many offices to be filled, as the people will elect a United States senator, State senator, two representatives, county superintendent of public instruction, five county commissioners, three members of the school board and a supervisor of registration. The State Democratic Executive Committee has decreed that circuit judges run in the primary subject to appointment by the governor, hence Judge Gibbs' announcement.

### INVESTIGATING DRUG SMUGGLING IN FLORIDA

Washington, D. C., Mar. 13.—Federal Prohibition Commissioner R. A. Haynes stated this afternoon that Colonel L. G. Nutt, head of the narcotic division, is in Florida with a squad of narcotic experts investigating drug smuggling in Florida and a number of foreign points in the southern waters. This investigation is being supported and aided by customs officials.

A number of mass meetings have been held in Florida during the last few days, addressed by Director Burns of the Department of Justice and Dr. John Wesley Hill, of the Prohibition Department, in the interest of law enforcement. Representing their respective departments these men promised a clean-up of the lawless conditions in that State and it is understood and suggested that municipal and other officials will be removed if necessary in the progress of the investigation.

## FUTURE BRIGHT FOR PORT OF FERNANDINA

**E. F. FITCH ADDRESSED BUSINESS MENS' LUNCHEON ASSOCIATION.**

The third luncheon of the Fernandina Business Mens' Association, served at the Keystone Hotel yesterday, was well attended and greatly enjoyed by the large number of members present.

The principal speaker was E. F. Fitch, of Jacksonville, vice president and general manager of the Florida Terminal Co., which concern erected phosphate and coal terminals at Fernandina last year which cost over a million dollars. Mr. Fitch, who is undoubtedly in a position to know, and who is a former resident of Fernandina and a great friend to this city, stated that the outlook for the port was anything but gloomy and that his company is anticipating heavy shipments of phosphate and coal in the near future. His address was well received.

John Armstrong, of Detroit, Mich., a visitor in the city, addressed the meeting at the conclusion of Mr. Fitch's remarks and delighted his hearers with his talk.

Albert D. Simon, manager of the Keystone, is the father of the move for such an organization, and judging from the attendance at the three meetings held, he has perfected a perfectly good organization.

Dendy is the Christian Endeavor field secretary for Florida, a young man of forceful character, who is consecrating his splendid life to the service of God in this work. He is a fine speaker and has a message of power and interest for young and old alike. Lieutenant Curry hardly needs an introduction to a Fernandina audience, for he has been with us before. He is Florida's best loved Christian Endeavorer, who has for years been the leader of this organization in Florida, and a man who is loved by all who know him for his splendid life and character. Both of these men have a powerful Christian message for Fernandina.

Every one is invited and no one can afford to miss so helpful and delightful an occasion. Come out Sunday evening.

### ST. AUGUSTINE BECAME AMERICAN CITY JUST 100 YEARS AGO TODAY

St. Augustine, March 14.—Just one hundred years ago St. Augustine was recognized as an American city, for on March 14, 1822, it received its first charter from the Legislative Territorial Council, and it was the first city in the state to receive that distinction. Other charters were awarded in the order named as follows: Pensacola, Fernandina, Apalachicola, Key West, Quincy, Magnolia, Ochee, Jacksonville.

The bestowal of St. Augustine's charter came shortly after the change of flags, when the Stars and Stripes were flung to the breezes, rather than the banner of old Spain, which for so long floated over the oldest city.

The information with regard to the conferring of the city charters comes from Robert Ranson of St. Augustine and Pablo Beach, who obtained his data from Judge Benjamin Harrison of Jacksonville. It is understood that Mr. Ranson is one of two men in the state who knew where to locate the site of Ochee, an old town which few people ever knew existed.

The city council met on Wednesday night.

## CALKINS CANDIDATE TO SUCCEED HIMSELF

### THE BAHAI MESSAGE

In this instance there are two existences, first the physical which is embodied in a material body and second the intellectual body—love, sympathy, knowledge—they have no physical bodies. Like God, of which they are the attributes, they are invisible, intangible and ennobled realities of life. The Spirit of man belongs to this order. Now, how do you exist, how do you live? There are various theories that the more we discuss them the greater becomes the confusion of the mind and the principles over which we are contending, so the sum-total of the teachings of all these prophets was this—Men should concentrate their attention on the amelioration of their individual lives here, laying a spiritual foundation so that when they may ascend into another life they may be equipped with the proper provisions.

The Bahai revelation is not an organization. The Bahai cause can never be confined to an organization. The Bahai revelation is the spirit of this age. It is the essence of all the highest ideals of this century. The Bahai cause is an inclusive movement; the teachings of all religions and societies are found here. Christians, Jews, Buddhists, Mohammedans, Zoroastrians, Theosophists, Freemasons, Spiritualists, etc., find their highest aims in this cause. Socialists and philosophers find their theories fully developed in this revelation.

The cause of Baha'ullah is the same as the cause of Christ. Baha'ism is the continuation of Christ the divine teachings were given in accordance with the infancy of the human race. The teachings of Baha'ullah have the same basic principles, but are according to the degree of maturity of the world today and the requirements of this illumined age.

—ABDUL BAHÁ.

The Bahai revelation, which had its rise in Persia in the year 1844, today has become known throughout the world. "It is not so much a new religion as Religion renewed and unified." The unique movement for social and spiritual reconstruction was first centered in a radiant youth called the Bab, whose mission it was to proclaim the coming of a great world messengers.—Adv.
